Introduction to PSEG and Its Billing System

Public Service Electric and Gas (PSEG) serves approximately 2.3 million electricity customers and 1.8 million gas customers in New Jersey. The utility's billing system is designed to transparently communicate energy usage, costs, and other pertinent details to consumers. PSEG bills are typically issued monthly, either via paper or electronic formats, and include a comprehensive breakdown of charges to help customers understand their energy consumption patterns.

Understanding the PSEG Bill

Sample: An Overview

A typical PSEG bill sample presents a wealth of information, often segmented into clearly labeled sections for ease of understanding. These sections include customer information, billing period, energy usage details, charges, taxes and surcharges, and payment options. Each component serves a specific purpose and requires careful analysis to grasp the full picture of your energy account.

Key Components of a PSEG Bill Sample

1. Customer and Account Information

This section appears at the top of the bill and provides essential identification details:

- Customer Name and Address: Confirms the billing account is associated with the correct individual and location.
- Account Number: Unique identifier for tracking billing and payments.
- Billing Period: The specific start and end dates that the bill covers, usually a 30-day cycle.
- Billing Date: The date when the bill was issued.
- Payment Due Date: The deadline for payment to avoid late fees or service interruption.

Importance: Verifying this information

ensures the bill is accurate and corresponds to your account.

2. Energy Usage Details
