Unlike more specialized tests, the WBST aims to provide a quick snapshot of a test-taker's general aptitude, often used in educational admissions and employment screening. Developed by Wonderlic, Inc., the test is renowned for its brevity—typically completed within 12 minutes—and its straightforward multiple-choice format. Its primary goal is to predict a candidate's ability to succeed in a given training or educational program, making it highly relevant for institutions like Fortis College.

Core Components of the WBST

The test encompasses three main sections: 1. The Role of WBST at Fortis College

Admissions and Placement

At Fortis College, the WBST plays a pivotal role in both admissions decisions and placement strategies. Unlike traditional college entrance exams such as the SAT or ACT, the WBST offers a rapid assessment of essential skills, helping the institution identify students who are likely to succeed in their chosen programs. Key functions include:

- Assessing Readiness: The WBST helps determine if prospective students possess the foundational skills necessary for coursework, particularly in programs like nursing, skilled trades, or IT.
- Placement into Appropriate Courses: Based on WBST scores, students may be placed directly into introductory courses or provided with additional preparatory support.
- Identifying Support Needs: Lower scores may flag the need for remedial classes or tutoring, allowing Fortis College to tailor academic support services.

Qualification Standards and Score Benchmarks

While specific score benchmarks may vary by program and year, Fortis College generally considers the following:

- High Scores (Above 30): Indicate strong readiness; students are encouraged to enroll directly into their chosen program.
- Moderate Scores (20-29): May require supplementary coursework or tutoring but generally demonstrate sufficient foundational skills.
- Low Scores (Below 20): Suggest the need for significant preparatory work before engaging with program coursework; additional assessment or remedial classes may be recommended.
