## Introduction to the Ethiopian Bible

The Ethiopian Bible, often referred to as the Ethiopian Orthodox Tewahedo Church Bible, is an ancient collection of sacred scriptures that forms the spiritual backbone of Ethiopian Christianity. It is distinct from other Christian biblical canons because it includes several books and texts not found in the standard Protestant or Catholic Bibles.

## Historical Background

Ethiopia has one of the oldest Christian traditions, dating back to the 4th century AD when Christianity was adopted as the state religion under King Ezana of Axum. The translation of biblical texts into Ge'ez, the liturgical language of the Ethiopian Orthodox Church, began early in Christian history, leading to the development of a unique biblical canon. The Bible in Ethiopia has been preserved through centuries in the Ge'ez language, which is now considered a liturgical language. Efforts to translate this ancient text into English have increased over the last century, making the Ethiopian biblical canon accessible to a global audience.

## The Canon of the Ethiopian Bible

The Ethiopian Orthodox Tewahedo Church's canon is notably different from other Christian denominations, comprising:

1. **Old Testament Books:** 46 books, including some that are considered apocryphal elsewhere, such as Enoch and Jubilees.
2. **New Testament Books:** 27 books, similar to other Christian traditions.
3. **Additional Texts:** Several other texts, including the Book of Enoch, the Book of Jubilees, and the Ascension of Isaiah, which are regarded as canonical within the Ethiopian tradition but are often excluded elsewhere.

This broader canon reflects the rich theological and cultural history of Ethiopian Christianity, emphasizing the church's unique spiritual perspective.

## **Printing Tips**

Despite the advantages of digital formats, printing The Ethiopian Bible In English remains important for many users. Whether for study, annotation, or archival purposes, proper printing techniques ensure that the physical copy maintains the quality and structure of the original document.

Before printing, users should review page setup options carefully. Adjusting page size, orientation, and margins helps prevent content from being cut off or misaligned. Selecting the correct paper size is especially important for documents designed with specific layouts, such as textbooks or manuals.

Duplex printing is an effective way to reduce paper usage and create more compact documents. Printing on both sides of the paper not only saves resources but also makes large documents easier to handle and store. Many modern printers support automatic duplex printing, simplifying the process.

Print quality settings should be adjusted based on purpose. Draft mode is suitable for internal review or rough notes, while high-quality settings are better for final copies or professional presentations. Balancing quality and ink usage helps manage printing costs effectively.

For long documents, printing selected sections rather than the entire file can save time and resources. Using bookmarks or table of contents entries allows users to target specific chapters or pages, making printing more efficient and purposeful.

## **Binding and physical organization**
