The Structure of the American Government

The United States operates under a federal constitutional republic framework, characterized by a division of powers among various branches and levels of government. This structure ensures a system of checks and balances designed to prevent the concentration of power.

The Three Branches of Government

1. **Legislative Branch:** Comprising Congress, which includes the Senate and the House of Representatives, responsible for making laws.
2. **Executive Branch:** Headed by the President, responsible for implementing and enforcing laws, with departments and agencies supporting governance.
3. **Judicial Branch:** Led by the Supreme Court, tasked with interpreting laws and ensuring they align with the Constitution.

Federalism and State Governments

The U.S. Constitution delineates powers between the federal government and individual state governments. While the federal government handles national concerns such as defense, foreign policy, and interstate commerce, states manage local issues like education, transportation, and public safety. This multi-layered governance fosters diversity and regional autonomy.

Political Parties and Electoral System

American politics is predominantly shaped by two major political parties: the Democratic Party and the Republican Party. These parties often define policy debates and electoral contests, although third parties and independent candidates also participate.

The Electoral Process

2. **National Conventions:** Parties officially nominate their presidential candidates.
3. **The General Election:** Held every four years for the presidency and every two years for Congress, where citizens cast their votes.

4. **Electoral College:** The mechanism that elects the President based on state-by-state votes, consisting of electors pledged to candidates.

Current Political Landscape and Key Issues
